EDUCATION

The University of Utah | Salt Lake City, UT
Certification in Full Stack Developer | **Aug 2023 - February 2024 (expected)**

TECHNICAL SKILLS

Programming Languages: Javascript, HTML, Bootstrap, MySQL, NoSQL, JQuery, Node, React, Typescript

PROJECTS

JAMSearchGamers   **Oct 2023**
- Collaborated with a team of 3 and developed a fully functional web application with a dynamic **Javascript-based** front-end with APIs that update in real time.
- Contributed mostly with **JavaScript**, and front-end UI layout design.
- Volunteered to be Project Manager and helped lead the team by giving them roles and giving constructive output, and brainstorming ideas and opportunities.

SuperFunMinigames   **December 2024**
- Collaborated with a team with 3 to develop a back-end functional minigames site with account/score saving database using **MySQL** deployed through **Heroku**.
- Built with **Bootstrap, Node.js, Express.js.**
- Contributed mostly through MVP, ORM, and directing fellow partners.

JOB EXPERIENCE

Specimen Processing Tech III | ARUP Laboratories | Salt Lake City, UT   **Nov 2022 - Present**
- Conducted regular quality control checks on data input to identify and rectify discrepancies, ensuring high-quality output and reliable reporting.
    - Promoted within 3 times in the company under my 1 year mark.
- Collaborated closely with cross-functional teams to resolve discrepancies and inconsistencies in data, ensuring data integrity and reliability.

CNC Operator | SKF Inc | Magna, UT   **Aug 2021 - May 2022**
- Programmed and did necessary troubleshooting for CNC Router functions
- Trained new-hires and helped them become efficient.
- Selects, aligns and secures cutting tools, accessories and materials on machines according to proper specifications
